

Flowers

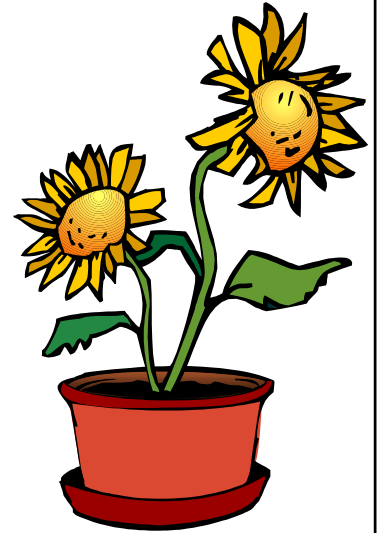

Bill planted four seeds in a red pot plant. He gave the seeds water every day but only two flowers came up and they were both yellow.

1. Who planted the seeds?
2. How many seeds did Bill plant?
3. Where did he plant the seeds?
4. What colour was the pot plant?
5. Did Bill water the seeds every day?
6. How many flowers grew?
7. What colour were all the flowers?
8. How many seeds did not grow?
9. Were all the flowers the same colour?
