Hobbies:

What do you enjoy doing?

- Playing sport? Favourite?
- Watching movies? What type?
- Clubs you belong to?
- Reading? What genre?
- Games? Computer games, family games...

Homework:

Which homework activities do you enjoy most/least?
Who helps you with homework?
Where do you sit?
How long does it take to do it?

Productive Work Partners:

Who do you work well with? Why are they such a good influence on you?

People I shouldn't work with:

Who do you not work well with? Why do you think you don't do well together? Have you ever managed to work with these people?

Family:

Who do you live with?
Tell me about any brothers or sisters.
Have you got family overseas? Where?

My Skills:

What are you good at? It doesn't have to be school work!
What skills are you trying to improve?

Anything else?

What languages do you speak?
Where does your family come from?
Do you have any allergies?
...

Areas For Improvement:

What things are you not very good at? Any thoughts about how you could improve in these areas?

All About Me

Name: [REDACTED]

Hobbies:

I play the piano, (although I'm not very good at it!). I hope to play a few songs with the class by December. I really like doing all sorts of things on the computer and I hope that you will be interested to learn about this hobby with me!

Productive Work Partners:

I work very well with my sister. She is also a teacher and has lots of good ideas that she shares with me. She also encourages me but doesn't mind telling me when I need to work smarter. I also work well on my own.

People I shouldn't work with:

I need to make a real effort when I work with my friend Sara. We enjoy chatting and take far too long to do even simple tasks. We need to avoid each other during work time and play together at break time.

Homework:

My homework is a little different to yours! When children have worked hard I enjoy marking their books and seeing what they have learnt. I usually do this at school early in the morning. I also spend a lot of time on the computer. My worst homework is marking work that children haven't put in an effort. It makes me really sad and worried about all the time that has been lost because we can NEVER get time back.

Family:

I live with my husband, son and daughter in Essex.

My one sister lives in Forest Gate and I often go and visit her. My other sister lives near Wembly.

Areas For Improvement:

I am very good at starting things—but not at working at them until they are perfect. I have two examples where I need help:
*I learn new songs on the piano but don't play them well enough.
*I get work ready, but don't tidy up properly.

My Skills:

I think I'm good at computers and knitting. Although I get lots of time to work on my computer, I don't get much time to knit!

Anything else?

I have lived in three different countries. In a way I feel very lucky about this, but in another way it is quite hard to keep moving as I don't feel that I have a real home or old friends.

I loved living in New Zealand because there was so much to do. My best thing was playing in the snow.
